

Dear SFA Donors,

The K-L ranch respite in Montana hosted by the SFA Ch. 28 was by far the most comprehensive and accommodating retreat my family and I have experienced in my 19 years of active duty service. We consider ourselves extremely lucky to have attended and suspect that the high operational tempo/personnel turnover impacted the amount of 1SFG(A) soldiers who were able/interested in attending this event. That being said, this respite afforded much needed time for my wife of 18 years, son (16), daughter (10) and I to reconnect while doing amazing activities like exploring the Bob Marshall Wilderness/Lewis Clark National Forest on horseback, fishing on the Sun River, soaking in hot springs, and encountering wildlife like elk, deer, and bighorn sheep. We cannot thank you enough for your consideration of the service and sacrifices of those in the Special Operations Community and willingness to honor and afford amazing, revitalizing opportunities like this for our families and us.

Jon
